BIO

Miguel Martín is a monologist who is characterized by his closeness to the audience, his speed when improvising and the ability to make us laugh at the most absurd and everyday issues that we can live in first person, and that will quickly make us feel as if we had also lived them ourselves.

An acid show that will make you laugh out loud from minute one of the show.

Miguel Martín has spent more than ten years touring the main halls and theaters in the country, highlighting his participation in "Las noches del club de la comedia", in his theatrical show, as well as recordings in "sopa de gansos", in "cuatro tv", or in the monologue channel "Phi beta Lamda".
